The Centre for Policy Dialogue (CPD), Bangladesh and the Institute of Policy Studies of Sri Lanka (IPS), in partnership with Southern Voice, will host a webinar focused on solutions to the challenges that the COVID-19 pandemic has created in apparel supplying countries, in particular Bangladesh and Sri Lanka. Researchers from CPD and IPS will present the findings and recommendations of a study which explores a value-chain-based solution for Bangladesh and Sri Lanka, where major market players will implement responsible business practices to support a sustainable recovery of both countries' apparel sectors.

Ahead of the publication of the report, the authors will be discussing their findings on **Tuesday, 20 April 2021 from 7:00-8:30 pm (Sri Lanka time) via Zoom**. This webinar will offer key global apparel value chain stakeholders, particularly those based in Europe, Bangladesh and Sri Lanka an opportunity to provide insights into how to implement solutions for the recovery of the apparel sector.
